

The diagram is shaped like a house. The roof is a triangle containing the text 'PE soft skills'. The main body of the house is a rectangle divided into three vertical sections by two curved lines. The left section contains the text 'error handling', the middle section contains 'MT engineering' and 'training & evaluation' stacked vertically, and the right section contains 'consulting'. The entire house structure sits on a thick rectangular base containing the text 'translation competence'.

PE soft skills
