

The diagram is shaped like a house. The roof is a triangle containing the text 'PE soft skills'. The main body of the house is divided into three vertical oval sections. The leftmost section contains the words 'spotting', 'classification', and 'correction' arranged vertically, with lines connecting them to a central 'error' label at the bottom. The middle section contains the text 'MT engineering' and the rightmost section contains 'consulting'. At the base of the house is a thick rectangular border containing the text 'translation competence'.
